

Making a referral

Voluntary agencies and statutory services who meet people who are experiencing domestic abuse can make a referral.

We particularly welcome self referrals directly from individuals.

A referral form is available on our web site. This can be completed online or downloaded, completed and faxed or emailed to us. Self referrals can also be made by phone. We do not accept postal referrals.

For adults and children with
experience of domestic abuse

1-to-1 victim support

**1-to-1 support for
perpetrators**

**Support for children and
young people**

Issued :: June 2021

Splitz Support Service

Who can we help?

Adults, young people and children living in the Devon County Council area.

How can we help?

We can provide support to improve safety, signpost to other services and aid recovery from the impact of domestic abuse.

Our services

Are you

- Being hurt in your own home?
- Threatened by your partner or family member?
- Dreading your partner coming home?
- Walking on eggshells?
- Feeling unsafe even if you've separated?

"Hear to Help"

Do these excuses sound familiar?

"My partner doesn't mean itand always says sorry afterwards."

"It's my faultI keep getting it wrong."

If you recognise that domestic abuse is part of your life we can help you identify your options and support you in your choices.

We can support you with:

Information, Advice and Guidance from our trained Assessment, Safeguarding and Early Intervention team. Our service will ensure that victims are supported to stay safe and recover. Every individual referred is offered an assessment so that we can ensure we meet their needs in the best way.

IDVA Service

When someone is assessed as being at High risk of harm they are allocated an Independent Domestic Violence Advisor who will provide specialist 1-to-1 support and help to formulate a plan to reduce risk and improve wellbeing.

Children and Young People

We work with children and young people, in partnership with their non-abusive parent or carer, whether they have witnessed abuse or been party to it themselves. We offer support via 1-to-1 work, group work, toolkits for parents and schools, plus provide workshops in schools and colleges. We can also work with young people aged 14+ who are being abused within their own intimate relationship by providing support from our dedicated team of young people's IDVAs.

Voluntary Behaviour Change Support

The aim of this work is to provide bespoke 1-to-1 support and advocacy for adults (18+) in order to change their harmful and abusive behaviours and promote the safety of victims and their children. We adopt a whole family approach offering support to the perpetrator, victim and their children (over the age of 5) so everyone has a voice for change..
